WHITE WINS

The endurance run of the Quaker City Motor Club of Philadelphia was won by the White Steamer—in fact, was won twice. In the original contest of Jan. 1st and 2d, the White was the only car which made a clean score on the road and also was declared by the Technical Committee to be in perfect condition at the finish. For some reason the Contest Committee refused to accept the findings of the Technical Committee as regards two other cars and ordered a "run-off" between the White and these cars.

The supplementary contest, held Jan. 4th, served only to emphasize the superiority of the White. The second examination of the cars made by the Technical Committee produced data of such convincing nature that the White was declared to be the winner of the contest and of the splendid MacDonald and Campbell trophy.

With our entry of but one car we decisively defeated 27 gasoline cars representing 23 of the leading makes. Thus has another important victory been added to the long list of triumphs achieved by the White—the distinctively American car.

KENNEL CLUB ELECTS OFFICERS

The Hawaiian Kennel Club held its meeting last night and although to matters of very great moment came before the club, new officers were elected and questions relative to the canine world were taken up and discussed. Plans for the bench show to be held some time during the summer were brought before the attention of the organization, but nothing definite was done, except that it has now become a certainty that the show will come off.

An interesting letter was read from a noted dog-fancier of San Francisco in which he stated that he intended bringing down 50 or 60 thoroughbred animals to the show and afterwards disposing of them to local people, if possible. Particulars of the annual exhibition here will be handled to him.

D. F. R. Isenberg was elected as executive officer of the Hawaiian Kennel Club for the ensuing year and the other officers were selected as follows: Thomas Sharp, vice president; C. T. Littlejohn, secretary and treasurer, and Thomas Sharp, Wm. H. Charlock, A. T. R. Jackson, Dr. Rowat and Dr. Fitzgerald, directors.

Hawaii is a baseball mad! Why should it not be? It belongs to the United States.—Chicago Daily News.

BYRON CLARK WINS AGAINST HARRIS

The Supreme Court, in an opinion handed down this morning, in the assumed matter of F. K. Harris vs. Byron O. Clark, reverses the Circuit Judge, vacates the judgment given by him in favor of the plaintiff, and sustains the exceptions of the defendant.

The syllabus of the opinion says: "State of limitations—evidence of new promise. In an action of assumpsit in order to remove the bar of the statute of limitations the evidence must show, which it does not in this case, either an express promise or an implied and direct admission of debt which the party is liable and willing to pay, without accompanying circumstances which repel the presumption of a promise."

The opinion of the Court is written by Justice Wilder, who outlines the case as follows:

This is an action of assumpsit, the defense being the statute of limitations. Defendant executed a promissory note in favor of plaintiff in Pasadena, California, on June 7, 1897, payable in one year. The action was begun in the circuit court on August 16, 1906, which court, after a trial jury waived, gave judgment for plaintiff, and defendant comes to this court on exceptions which raise the sole question of whether the evidence shows a new promise so as to take the case out of the statute of limitations.

The evidence relied on to show a new promise consists of two letters written by defendant and conversations between defendant and plaintiff's attorney.

Summing the case up, the opinion says:

We are therefore of the opinion that these letters and conversations, whether taken singly or as a whole, are not sufficient to show a new promise. At the most the expressions are "equivocal, vague and indeterminate, leading to no certain conclusion, but at best to probable inferences which may affect different minds in different ways," which, as shown above, are not enough.

Exceptions sustained, judgment vacated.
H. G. Middleditch for plaintiff.
S. B. Kingsbury, (Kingsbury & Kellogg on the brief,) for defendant.

JOY ASKS BOSTON FOR BETTER TERMS

BARNEY JOY

Barney Joy has received a contract for the 1908 season from the manager of the Boston National League team.

And Barney sent it back for better terms.

This is the statement made by one who knows Barney's movements pretty well, although Barney himself is not disposed to talk of his baseball future till it is established.

Furthermore, it is said that the proposition made to Joy by the big Boston League manager is much better than that which San Francisco gave him. But Barney is not grasping at the first thing that comes along. He prefers to get in not at

all than to make too much of a sacrifice. He can make more money pounding iron at the Honolulu Iron Works and living at home according to his friends, than he can by depending on the favoritism of the Boston managers and Boston crowds at the price first named.

So it is not completely settled that Barney Joy will go to Boston this year. He has had one opportunity and has asked for better terms. It is now up to the Bostonians.

Some people say Barney will have to watch out or he will be left entirely out of the baseball circle this year. But Barney does not seem to care.
